## Basic emergency response process

---

While every event is unique, there are some basic steps to follow when responding to any emergency, which are outlined below:

## Site map

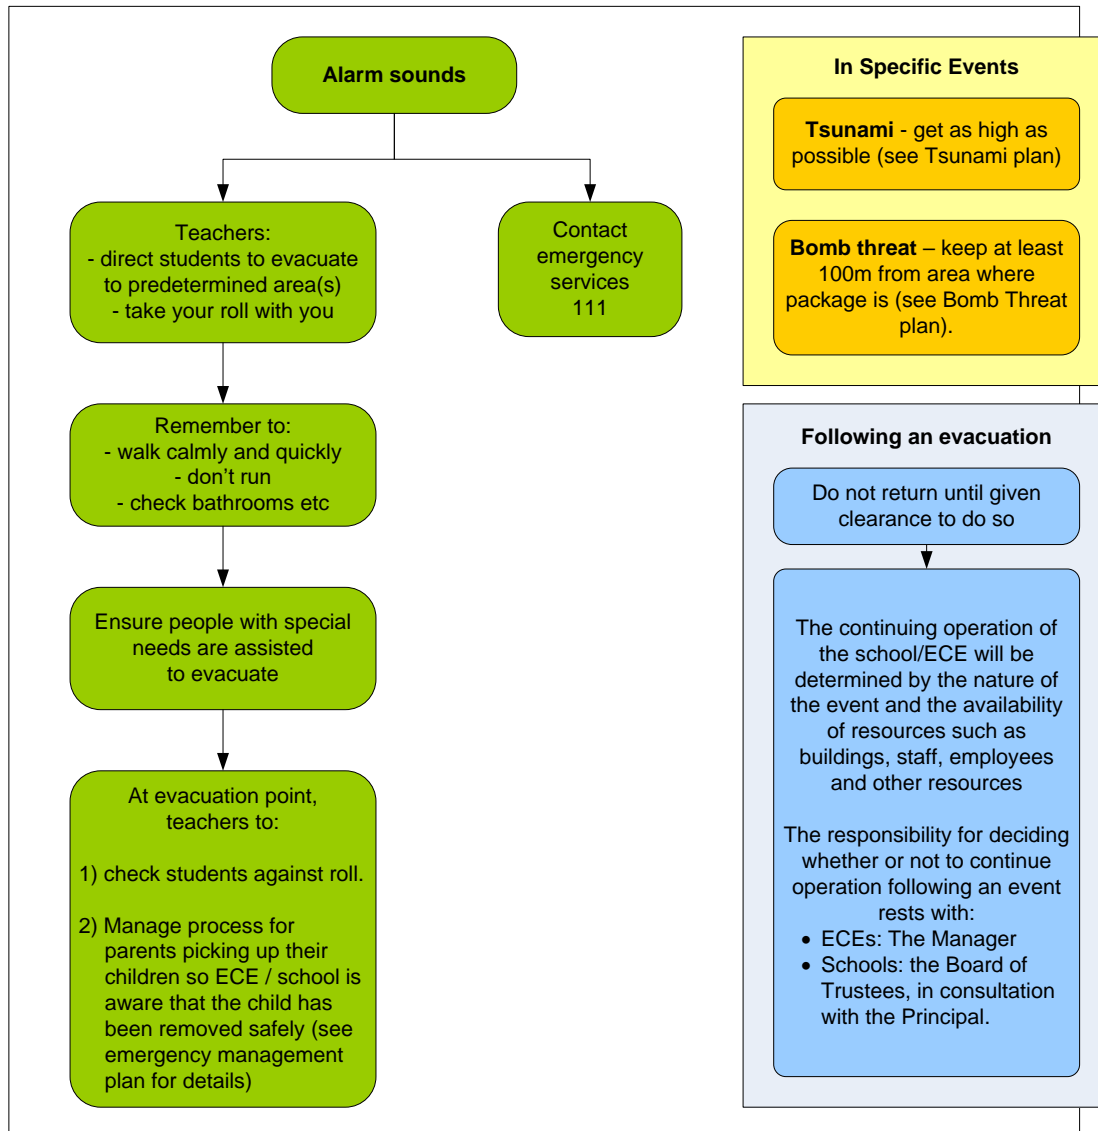

Tennis Court    Room 1    Swimming Pool    Garage    Room 2    Library

# Evacuation

Evacuation from the school/ECE may be required to ensure the safety of staff and students in an emergency event. In all cases, evacuations need to be planned and practiced.

## General evacuation plan

### Our evacuation areas

**Earthquake: Northern end of Tennis court**

**Tsunami: Northern end of Tennis court**

**Bomb Threat: Northern end of Tennis court**

**Gunman: Leave School through the North Eastern corner and go the Neighbouring farm.**

## **Emergency contact plan – parents and caregivers**

---

In any emergency event, you will need to contact parents and caregivers to advise them of the situation, and advise how they can collect their child(ren).

### **Our emergency contact plan for parents and caregivers**

- Parents to be contacted by landline via the School Grapevine and messages left where only voice mail is contacted. This will state the emergency and where their children are.
- Students pick up arrangements are to be recorded on the Student lists
- As there is no cell phone reception in this area all calls will be made via the school landline. If landlines are not working then a teacher will drive to the top of the Cave hill to contact all parents.
- Where we cannot make contact with parents we will keep the students at school until parent arrive or let them go to the homes of families that are close to the school. This is to be at the discretion of the teaching staff on site and their knowledge of the families at this school.

## **Our role in a Civil Defence emergency**

---

Civil defence preparedness for ECEs and schools generally falls into two categories:

- Ensuring the safety of students and staff at school during a civil defence emergency
- Helping the wider local community during a civil defence emergency, as part of a response coordinated by the local territorial authority.

The local Civil Defence and Emergency Management Group will provide advice if your school/ECE is designated as a civil defence centre.

### **Our role in a Civil Defence emergency**

The School is a Civil Defence Hub and is to be available for use during any Civil Defence emergency by whatever department requires it.

## Trespasser on the school grounds

Only follow this process if it is clear that the trespasser does **not** come under the category of Violent Intruder (for this process, see following page).

Trespassing is where a person enters an ECE or school and either:

- does not have permission to be there, or
- Their behaviour is such that the ECE/school would not give permission for them to be there.

Incident type	Response actions (as appropriate)
<b>Become aware that there is a trespasser on the property.</b>	<input type="checkbox"/> Notify the principal or other staff member of the description, location and activity of the trespasser.
	<input type="checkbox"/> Assess the nature of the trespasser: benign or aggressive (if aggressive – follow the violent intruder process).
	<input type="checkbox"/> Ensure the classrooms are kept secure.
	<input type="checkbox"/> Greet the trespasser, advise them who you are, and ask them why they are there. Whenever possible, ensure that you have a colleague with you.
	<input type="checkbox"/> If the reason for the visit appears legitimate, take the person to the office where the reasons for the visit can be dealt with.
	<input type="checkbox"/> If the reason for the visit is not legitimate, explain that they have to leave the premises.
	<i>If the person leaves when requested they are no longer considered a trespasser.</i>
<b>If the trespasser refuses to leave when requested</b>	<input type="checkbox"/> Explain that staff will have to call the police.
	<input type="checkbox"/> If the trespasser still refuses to leave ask colleague to call the police.
	<input type="checkbox"/> If it is safe, stay with the trespasser until the police arrive.
	<input type="checkbox"/> If the trespasser gives any indication of violence walk away (if possible keep the trespasser under observation from a safe distance until police arrive).
	<input type="checkbox"/> When police arrive update them on the situation.
<b>Follow-up actions</b>	<input type="checkbox"/> Ensure the incident is documented and filed (including providing a report to police).
	<input type="checkbox"/> Advise the Ministry of Education regional office (which can help you access the Traumatic Incident team if required).
	<input type="checkbox"/> Consider: <ul style="list-style-type: none"> <li>• Debriefing staff on the incident and assess if your Emergency Management process worked correctly or needs amendments.</li> <li>• Debriefing students if the incident was a public one to prevent rumours and speculation.</li> </ul>

*Note: There is no authority under the Trespass Act 1980 for the occupier to physically eject the person from the premises. If a trespasser refuses to leave when requested, he or she should be told that the police will be called. The police have the option to arrest and charge the person with an offence, however they will assess each incident and take what they think is appropriate action.*

*As well as the process under the Trespass Act, the Education Act 1989, section 139C makes it an offence to intentionally insult, abuse, or intimidate a teacher or other member of staff on school premises.*

## Violent intruder

This checklist provides a very basic guide to managing a Violent Intruder incident.

The aftermath of a Violent Intruder incident will require careful management as even in the 'best case' scenario of no one being killed or injured there will be traumatised staff and pupils, concerned parents, chaos and confusion, disruption and media interest.

	Response actions (as appropriate)
<b>Shots are heard or a violent intruder is seen on the premises</b>	<input type="checkbox"/> Call 111 <ul style="list-style-type: none"> <li>• Identify yourself and your school/ECE, including address</li> <li>• Details of situation</li> <li>• Details of any casualties</li> <li>• Description of weapons, number of shots etc</li> <li>• Description and location and identity of offender if known</li> <li>• Identify the 'target' of aggression if known</li> </ul>
	<input type="checkbox"/> If safe, move to predetermined safe position to await Police arrival
	<input type="checkbox"/> Alert staff/students (avoid using the fire alarm). Ring the hand bell three short rings
	<input type="checkbox"/> Move everyone out of hallways and into rooms.
	<input type="checkbox"/> Lock and/or barricade, or cover if possible, doors/windows.
	<input type="checkbox"/> Keep quiet and do not leave the classroom unless it is safe to do so.
	<input type="checkbox"/> Should the event occur while students are outside in playing fields: instruct students to move to nearest secure room, or to a safe-predetermined, assembly area (which may include an off-site area close to the school/ECE).
	<input type="checkbox"/> Once police arrive, liaise with them to secure crime scene(s)
<b>Following the incident</b>	<input type="checkbox"/> The Trauma Incident Teams will provide support (see contact list for phone number).
	<input type="checkbox"/> Liaise with the media
	<input type="checkbox"/> Consider whether to temporarily close, or continue operating. (The Trauma Incident Teams will provide guidance on suitable responses)
	<input type="checkbox"/> Continue to monitor the wellbeing of students and staff

## Serious injury or death

All ECE services and schools need to be prepared and know how to manage a traumatic incident involving death or serious injury. The sudden death (or serious injury) of a child, young person, staff member or family/whānau member has the potential to create significant dangers or risks to the physical and emotional wellbeing of children, young people and people within a community.

The event also has the potential to cause sudden and/or significant disruption to the effective operation of an ECE service or a school and their community. If the aftermath is poorly or insensitively handled, it can impact on those affected and attract adverse media or public comment.

	Response actions (as appropriate)
<b>Death / serious injury occurs at school or ECE</b>	<input type="checkbox"/> Ensure your own safety. Assess area for danger (e.g.: live wires, poisonous substances etc.)
	<input type="checkbox"/> <b>Do not assume death has occurred – give immediate first aid</b>
	<input type="checkbox"/> Call emergency services
	<input type="checkbox"/> Notify Manager/Principal; isolate and contain the area.
<b>Action after medical personnel have taken over</b>	<input type="checkbox"/> Manager/Principal to advise (as soon as possible): <ul style="list-style-type: none"> <li>• ECE / school management team and staff</li> <li>• board and chair</li> </ul>
	<input type="checkbox"/> Consider accompanying police to advise parents.
	<input type="checkbox"/> Advise the Ministry of Education Trauma Incident Team on 0800 84 83 26. This team will help guide you on managing the response (including how to advise students, arrange counselling etc.)
	<input type="checkbox"/> Complete incident form with all known details
	<input type="checkbox"/> Ensure the designated media person for the school is fully briefed

If the death or serious injury occurs outside of school/ECE, follow the appropriate steps noted above.
